### About The Timebank...

The Dane County Timebank links individuals, social service organizations, public and private institutions, food producers, neighborhoods, local businesses and arts groups to make it easier to share resources. Timebanking is an exchange system. People help each other and receive credits for their service. Anyone who helps another member earns one time dollar per hour, which they can then spend on an hour of service from anyone else in the network. Timebanking is a way to value the work we do for others in our community and the work we do in building that community. We use reliable Timebank members to staff the Youth Court, teach life skills classes and mentor the respondents as they complete their sentences. It's a way for us to involve lots of the community in helping young people succeed, to provide new learning, service and recreational opportunities to youth, and to serve many youth on a small budget.

## Mission

The Dane County Timebank Youth Court aims to involve community members of all ages in the process of applying restorative justice, addressing wrongs to the community, and helping young people succeed.

## Nuts and Bolts

Dane County teens who have been charged with ordinance violations such as habitual truancy, some drug possession, petty theft, vandalism, disorderly conduct, trespassing or fighting are offered the option of accepting the ticket or charge or attending Youth Court. The arresting police officer offers this option based on the type of offense. Teenagers come to Youth Court for sentencing only, having already admitted guilt.

When the respondent goes to the Youth Court, s/he appears before a jury of peers. The jurors, under adult supervision and earning time dollars for their service, determine and deliver a sentence to the youth. A sentence can involve: attending life skills classes on anger management, healthy relationships, employment skills and money management, AODA prevention, and others; community service; writing an apology letter;

... serving on the jury; and more. The respondent has 90 days to complete the sentence. After the 90 days is up and the sentence is completed, the ticket or charge is destroyed and the violation does not appear on the respondent's record. If the respondent fails to complete the sentence in 90 days, the ticket or charge is issued.

Upon completion of the sentence we encourage the respondent to continue to utilize the system of support the Timebank can provide. Earning and receiving Time Dollars is a great way to keep these adolescents involved in a strong social network building trust, skills, and work experience.

In addition to the obvious benefits to respondents who are given opportunities for productive community involvement, we work extensively with our jurors and former respondents to develop leadership capabilities.
